EXAMINER'S AMENDMENT AND STATEMENT OF REASONS FOR ALLOWANCE

Examiner's amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

- ✓ On line 1 of claim 8, delete "7" and insert – 1 --.
- ✓ On line 1 of claim 9, delete "7" and insert – 1 --.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance:

The Terminal Disclaimer, filed on 04/29/2004, is effective to overcome the obviousness-type double patenting rejection under U.S. application 10/393,483.

The prior art of record fails to disclose or reasonably suggest a method and an apparatus of an optical signal equalizer for equalizing one or more received signals modulated at a preselected modulation bit rate in a multiwavelength system, the equalizer comprising a controllable interferometer unit having two or more arms, each arm receiving one portion, at least one arm having an additional delay which is equal to an integer multiple of $1/\Delta f$, where Δf is the channel spacing of the multiwavelength

system and at least one arm having a controllable delay unit for adjusting the relative phase of the light passing through that arm, along with the other structures and limitations set forth in the independent claims.

Claims 1-6 and 8-18 are therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
